

Hold Politicians Accountable!
Demand new leadership on Beacon Hill & in City/Town Hall.

You wanted fair taxes, economic security, educational opportunity, and a clean environment.

They responded with unfair taxation, Wall Street bailouts, tuition hikes, and environmental foot-dragging.

It's time to show them you're serious. Stop granting them your vote. Support the political movement that reflects your values—the Green-Rainbow Party.

Raise your expectations.
You can have an elected representative who listens to you rather than to Beacon Hill insiders and big money lobbyists.

You can have affordable health care that (like in other developed countries) you don't lose when you change jobs.

You can see your taxes spent on things that matter rather than wasted on bailouts of Wall Street wheeler-dealers.

You can benefit from a jobs bonanza as we turn the economy green, and create good jobs right in our communities.

You can live and breathe in a clean, healthy, and sustainable environment that guarantees a livable, nurturing world for our children.

The First Step:
Align your politics with your values.
Don't just live green. Vote green!

Building A Brighter Future From The Ground Up

The Green-Rainbow Party provides a clear alternative to two-party corporate-dominated politics. In Massachusetts we're aiming to become the second party, challenging one-party Democratic rule by promoting sensible policies that serve the public's interests—not the narrow interests of the wealthy and well-connected few.

Both Democrats and Republicans have adopted destructive policies that have ravaged our communities and the planet—funding war, placing corporate greed over human needs, and destroying the social, economic, and ecological systems we depend on. We seek a saner, fairer society where a sustainable economy and open, accessible government lead to a better life for all.

The Green-rainbow Party Is Different.
Our goal is to help Massachusetts residents exercise their power. To make sure your voice is heard when it comes to the policy decisions that affect your everyday life. And we are working to turn the social, economic, and environmental crises we face today into springboards to the healthy, prosperous and just future we all deserve.

Is This What Democracy Looks Like?

- Corrupt Democrats running the Statehouse like a private club, with legislation written by lobbyists and hashed out in backroom deals.
- Elected officials conducting pre-budget fundraising dinners, as if to say the state budget is their money to distribute instead of YOUR money.
- A legislature that throws out voter mandated Clean Elections via an unrecorded voice vote, without even going on record.
- A legislature that exempts itself from Open Meeting and Public Records laws.
- One-party rule with 90% of legislative seats and all statewide offices held by one party.
- 2/3 of legislators running unopposed.
- A 98% incumbency re-election rate.

You Deserve A Choice.

Uncontested elections means that no matter how poorly your representatives perform in office, they don't have to worry about the voters. The Green-Rainbow Party is working to ensure that voters have a choice on election day. This will force politicians to listen to the people.

THIS is what DEMOCRACY looks like!

People rally at the State House. Join the political party that really listens to them!
